

Excellence in Infection Control

Sokrena[®] (Concentrate)

pharma

Aldehyde-free surface disinfectant with grease dissolving capacity.

Sokrena[®] is a disinfectant with a broad spectrum activity that can be effective for the disinfection of production vessels, equipments, floors, running water system and kitchens.

Aldehyde-free surface disinfectant with grease dissolving capacity.

Composition :

Each 100gms contain :

- Didecylidimethyl ammonium chloride, : 7gms.
- Corrosion inhibitors
- Non ionic tensides

Product Qualities :

- Complete microbicidal, broad spectrum fungicidal, bactericidal and viristatic activity including HIV and HBV.
- Disinfection and cleansing in one single operation, no need to wash with common disinfectants.
- **Excellent fat / grease dissolving capacity.**
- Well established safety.
- Corrosion inhibitors, material compatibility.
- Free from aldehydes.
- Free from offending odours.

Use in Pharma Industries :

- **Perfect disinfectant for production vessels as there is no fear of chemical contamination.**
- Proven validation by experts, less than 1 ppm trace remains in vessels.
- **Non-toxic, in accordance with German Food Law.**
- Odourless, therefore, does not interfere with chemical being processed in the vessel, running liquid systems.
- Cleaning and disinfection in one step.
- Economical
- Workers are safe, as there is no fear of exposure to "aldehyde"
- Listed with German Association for Hygiene and Microbiology. In accordance with German Food Law "No effect Level" of 15 mg/kg body weight was reported in 90 days fodder test for 50% substance solution (Didecylidimethyl ammonium chloride)

Method of Action :

- **Sokrena®** contains compatible cleansors.
- Disinfection is due to the presence of quarternary ammonium compounds.
- Corrosion inhibitors protect expensive surfaces.
- Has grease dissolving capacity.

Standard Dilutions and Mode of

Application :

- **Non-Critical Surfaces :** Add 50ml **Sokrena®** (conc.) to 10 litres of water to get 0.5% solution.
- **For Critical Surfaces :** Add 200ml **Sokrena®** (conc) to 10 litres of water to get 2.0% solution.
- To be mopped or sprayed liberally allowing **1 hour to ½ hour** contact time with the surface.
- Can be used with pneumatic sprayer or electrical sprayer or fogging machine.
- Can be used in running liquid or oral systems.

General Instructions :

- Do not mix with other disinfectants.
- Prepare fresh solution for optimum results.

Please Note :

- Microbicidal reports available on request.
- Registered in 43 countries world wide.
- Validations, COA / batch, & MSDS available on request

Packing Size :

- 500ml / 20 Bottles 1 Carton
- 5 Ltrs Jar / 2 Jar 1 Carton

Shelf Life :

- 2 years

Some International pharma & food processing Industries currently using Sokrena;

- Frozen Fish International GmbH Bremerhaven
- Hochland, Reich, Summer & Co., Heimkirch
- Nordmilch e.G., Hohenwestseid
- Milupa AG, Friedrichsdorf
- Nestle Berlin
- Walter Rau Lebensmittelwerke, Hilter

Our Indian Customers :

- Aurobindo
- Ace Bright
- Bharath Biotech
- Ceylon Labs
- Centaur Pharma
- Cadila
- Dr. Reddy's Lab
- Fresenius Kabi
- Gravity Pharma
- Hetero
- Harman Finchem
- Mylan
- Sun Pharma
- Shilpa Medicare
- Unijules Pharma
- Wintac
- Wockhardt Ltd

Recommended dilutions for prophylactic disinfection : 2% **Sokrena®** concentrate with water using 3 bucket system, 3-4 times a day.

Supported by Comprehensive proof of efficacy and scientific - based research and development, Our hygiene and disinfection products ensure best quality.
